About Arrival
Arrival was founded in 2015 with a mission to make air clean by replacing all vehicles with affordable electric solutions - produced by local Microfactories. Six years and over 2,000 people later, we are driving the transition to electric vehicles globally by creating products that are zero-emission, more desirable, more sustainable and more equitable than ever before. Our in-house technologies enable our radical new method of design and production using rapidly-scalable, local Microfactories around the world. This method facilitates cities and governments in achieving their sustainability goals whilst also supercharging their communities. We are a technology company, a product company, a supply chain company, an automotive company, a mobility company, a fintech company and a service company - all rolled into one with a shared goal of true sustainability. This vertically integrated business model is how we can have the radical impact our world needs today. Arrival (NASDAQ: ARVL) is a joint stock company governed by Luxembourg law.
