Arrival Enters into Secured Bridge Financing

- a. *Arrival is in active negotiations with a strategic financial partner*
- b. *An affiliate of the strategic financial partner will provide Arrival secured bridge financing*

LUXEMBOURG – August 22, 2023 – Arrival (Nasdaq: ARVL) (“Arrival” or the “Company”), inventor of a unique new method of design and production of electric vehicles (“EVs”) is in active negotiations with a strategic financial partner relating to a potential transaction the terms and structure of which are subject to completion of due diligence. To enable completion of due diligence and execution of a potential transaction, the strategic financial partner, through an affiliate, has provided a term loan facility which is secured by the principal assets of certain of the company’s operating subsidiaries. Arrival has drawn down \$5 million under the facility. An additional \$15 million may become available subject to the consent of the Lenders or if Arrival has received an unconditional fully financed cash offer from an independent third party on a customary “certain funds” basis to acquire assets of the Arrival group which will result in sufficient net cash proceeds to repay all amounts outstanding under the facility.

The facility has a term of three months and matures on November 20, 2023 (the “**Termination Date**”). The proceeds of the facility must be used to finance the working capital and liquidity requirements of the Arrival group. The facility also has a minimum make-whole premium of 1.2x that is due upon any cancellation, repayment, prepayment and/or acceleration of the facility which results in the full repayment of all outstanding loans under the facility and cancellation of all outstanding commitments under the facility.
